

Chocolate & Wine Tasting Packages

One of our most popular packages combines two of life's most rewarding treasures – **chocolate and wine**.

This delightful package is perfect for the classy bride, and will be enjoyed by all the guests, from her Mom & Gran to all of her BFF's!

The **hour long fun and interactive presentation** is done by a Wine master who pairs locally produced wines with decadent chocolates designed to enhance the undertones of each wine.

When the guests realise that the wine and chocolates improve when “married” together, the true excitement of the pending nuptials are cemented for the bride, making this a very emotionally charged presentation.
